## INTRODUCTION

# Empowering Sustainability of Biogas Solutions

Zerod Asia is a one stop biogas solution provider dedicated to transform waste into renewable energy and promoting environmental sustainability.

Sharing the development and history of SAKTI SURIA (M) Sdn. Bhd, the specialist in providing complete solution to wastewater treatment, biogas capturing and renewable energy.

Proven, distinguished and contemporary technology reflects our sustainability in this business for more than a decade.

Our customers receive all services and know- how from one source: in every step of a project from detailed engineering all the way to final construction, commissioning to after-sales service. Experienced project engineer and in- house construction crews guarantee that every component is of the highest quality.

- ✓ One-Stop Biogas Solutions Provider
- ✓ Over a Decade of Experience
- ✓ End-to-End Project Delivery
- ✓ Experienced In-House Team

Zerod Asia Pacific Sdn. Bhd. is a joint venture company between Jasa Aman Group and Sakti Suria Group being the sole representative of Energy Research & Development Institute, Chiang Mai University (ERDI-CMU), one stop biogas solution provider in ASEAN.

Under EPCC, we have successfully delivered on time 13 wastewater and biogas plants in Malaysia and Indonesia.

## OUR STORY

Our long-term collaboration with Energy Research & Development Institute of Chiang Mai University, Thailand (ERDI-CMU) provides us the strong technical support and continuous product development.

## OUR VISION

At Zerod Asia, we envision a world where waste is not just disposed of but harnessed to create valuable resources. Our goal is to lead the way in turning organic waste into renewable energy, reducing greenhouse gas emissions, and contributing to a more sustainable planet.

## OUR HISTORY

We have constructed and successfully delivered more than 12 wastewater & biogas power plant in Malaysia and Indonesia.

## WHY CHOOSE US

# Your Trusted Biogas Partner

We deliver reliable, innovative biogas solutions through proven expertise, advanced technology, and a strong commitment to sustainability.

## EXPERTISE

Our seasoned professionals bring years of experience in biogas technology.

## INNOVATION

We stay at the forefront of industry trends, offering state-of-the-art solutions for optimal results.

## CUSTOMIZATION

Every project is unique. We tailor our services to align with your goals, ensuring maximum outcome.

## SUSTAINABILITY

By harnessing the potential of biogas, we contribute to a greener future and a reduced carbon footprint.

## CLIENT-CENTRIC APPROACH

Your success is our success. We prioritize transparent communication and lasting partnerships.
